ROCK EXCAVATION PLAN

• 400,000 Cubic Yards of soil and rock to be excavated
• Similar processes performed during construction of the Expo Buildings
• Contracted with the same earthwork contractor
• Controlled charges will be used to assist with the removal of rock
  • Common blast times will be 9, 9:10, 11, 11:10 AM; 1 and 1:10 PM. 3PM if needed
  • Prior to each blast an air horn will sound
BUSINESS & WORKFORCE INCLUSION
BUSINESS & WORKFORCE INCLUSION

Business Inclusion Goal:
• 30% Small/Women-Owned/Minority-Owned Firms

Workforce Inclusion Goal:
• 22% People of Color and Women (combined)

✓ Targeted outreach to local community/contracting organizations
✓ Dedicated resources to ensure accountability throughout the project
